

**Amendments to the Specification:**

Please insert the following heading on page 1, between lines 1 and 2, of the specification as filed (before the paragraph beginning, "The invention relates..."):

FIELD OF THE INVENTION

Please insert the following heading on page 1, between lines 4 and 5, of the specification as filed (before the paragraph beginning, "A common problem..."):

BACKGROUND OF THE INVENTION

Please insert the following heading on page 2, between lines 4 and 5, of the specification as filed (before the paragraph beginning, "It is the main object..."):

SUMMARY OF THE INVENTION

Please insert the following paragraph on page 2, between lines 11 and 12, of the specification as filed (before the paragraph beginning "A preferred embodiment of the invention...):

According to one aspect of the invention, a power tool includes (i) a housing with a rotation motor, an output shaft, and a reduction gearing connecting the motor to the output shaft, and (ii) at least one planetary gearing with a sun gear, a ring gear, two or more planet wheel units, and a planet wheel carrier. Each planet wheel unit includes two axially spaced spur gears mounted on a common spindle. And the spindle is rotatively journaled relative to the planet wheel carrier via a bearing located between the two spur gears.

Please amend the heading at page 2, line 14, of the specification as filed, as follows:

~~In the drawings~~ BRIEF DESCRIPTION OF THE DRAWINGS

And please insert the following heading on page 2, between lines 20 and 21, of the specification as filed (before the paragraph beginning, "The power tool illustrated..."):

DETAILED DESCRIPTION
